## Building with three independent fractions

We present a building with three fractions located in a privileged location in Portimão, within walking distance of the train station. Each fraction represents an opportunity.

The proximity to the train station offers easy access not only to other parts of the city, but also to more distant destinations, making daily travel and commuting easier.

In addition to the convenient location, the building is situated close to a range of local amenities, such as charming restaurants, vibrant shops, and other essential conveniences, ensuring that all of your day-to-day needs are met just steps away.

If you are looking for a cozy residential space in a convenient and desirable location, don't miss the opportunity to explore these fractions. Schedule a visit to find out more about this great offer in
